Dear Dale,

Congratulations on the successful completion of the North Pond Watershed - based Management Plan Project. The major accomplishment of this project was the development of a scientifically-sound community-led Watershed Based Plan for North Pond resulting in a strong commitment to water quality improvement among the many project partners.

This letter acknowledges receipt of the Final Project Report dated January 2024. Review of the report and project file shows that the project has been completed and the deliverables required in the work plan have been received and accepted. DEP finds that KCSWCD performed project work in accordance with the terms of the Grant Agreement and the Department acknowledges completion of the Grant Agreement.

Thank you for your efforts in protecting Maine’s clean water.

Sincerely,

Wendy Garland, Director
Division of Environmental Assessment
