Dear Mark,

Thank you so much for taking the time to meet with me on Friday regarding Yachting Solutions' marina expansion plans into Rockland's Harbor and across the Municipal Channel. The Channel is officially designated in the **Rockland Municipal Code, Harbor and Waterfront, Chapter 9, Section 9-202: Channels, Subsection IA**. It is displayed on the Rockland Harbor Mooring Fields chart which you made a copy of on Friday. I've attached the first flyer that **SHIP** (Sensible Harbor Infrastructure Plan), a group of concerned citizens, distributed announcing our first Public Forum on 01 March 2018. The meeting was hugely successful -- a full house despite the short notice.

Please keep me in mind as an "interested party" in the event MDEP should receive an application for a Permit or License from Yachting Solutions, Rockland Harbor Park LLC or any other business entity that in any way alters or encroaches on our ability to safely navigate through and use Rockland's Harbor.

My contact information is:

Thank you so much again for your time and for introducing me to Dawn. It was a pleasure meeting you both.

Sincerely,

Lynne
