Good Afternoon,

This is to notify you that the Department of Environmental Protection has extended the deadline for public comments on application #L-20386-4P-P-N to 5:00 pm on November 4, 2021. The Department is currently reviewing the application under Maine's Natural Resources Protection Act (NRPA). The Department accepted the application as complete for processing on July 26, 2021. The statutory deadline for the Department to reach a final decision on the application is November 23, 2021.

Comments may be submitted directly to me at jami.macneil@maine.gov. If you have already submitted comments in writing to me, your comments have been entered into the Department's record.

A copy of the latest revised plans for the project are attached to this e-mail. The revised plans reflect minor changes to a gangway ramp, which would result in a reduced number of pilings and shading impact within the coastal wetland.

This notice is being sent to the Rockland City office as well as bcc to all individuals who have previously contacted the Department expressing interest in the application.

Sincerely,

-Jami MacNeil (she/her)
