Unfortunately no. Because of the pandemic, the office is temporarily closed to the public except to drop off items in the reception area. But no additional items have been added to the Spinney record since the permit was issued, except a copy of the in-lieu fee check.

Thanks, you too! Am I still able to call the file room to request to review the public file?

Thanks Jami, yes me too....crazy times.

How can I go about getting a copy of these then? A FOAA request?

Jeff

Hi Jeff,

I apologize for the delay in my response, we have been transitioning to working remotely.

The Department has not received an executed or revised land use license agreement for the Spinney project. Nor have we received any other documents except a check for the in-lieu fee payment, and except for some questions from the applicant by email. However, there is no longer an active review and I will no longer be providing that email correspondence to any interested person via email.

Best,

Good morning Jami,

Per the final order, I see that the DEP requires getting an executed or revised land use license agreement prior to construction start. Has the DEP obtained a copy of this yet, and if so can you please send a copy to me?

In addition, if there have been any additional documents provided to the department by the applicant, from 3/12 through today please send them my way.

Thank you,

Jeff
