Marybeth Richardson, Hearing Officer
Department of Environmental Protection
312 Canco Road

Hearing Officer Richardson:

Pursuant to your email dated May 16, 2017, enclosed please find the pre-filed testimony from Elizabeth Roberts of HNTB, submitted on behalf of the Maine Turnpike Authority (“MTA”). As specified in that correspondence, Ms. Roberts’ direct testimony summarizes her report, which is already in the record as Turnpike Exhibit B.

I will plan to arrive at Monday’s hearing location by 8:00 in the event there are items to address in advance of the hearing. We look forward to moving forward with this process and thank you for your time and consideration.

Sincerely,

Joanna B. Tourangeau
