Dear Mr. Fuchs:

In response to your recent request, I have reviewed the information received September 25, 2018 to continue consultation on the above referenced projects in accordance with Section 106 of the National Historic Preservation Act of 1966, as amended (NHPA).

Based on the information submitted, I have concluded that there will be no above ground properties (architectural) affected by this proposed undertaking, as defined by Section 106.

We await the findings from the Phase 1 archaeological survey in order to conclude consultation and make the final finding determination.

Please contact Megan Rideout at (207) 287-2992 or [megan.m.rideout@maine.gov](mailto:megan.m.rideout@maine.gov) if we can be of further assistance in this matter.

Sincerely,

Kirk F. Mohney  
State Historic Preservation Officer

RE: Nordic Aquafarms development, Belfast (MHPC# 0730-18)

Dear Ms. McGlone:

My staff archaeologist, Dr. Arthur Spiess, has reviewed the end-of-fieldwork archaeological Phase I letter report for this project by Robert Bartone, NEARC, dated October 4, 2018. The report is acceptable as written, and we agree with the conclusions in the report (no archaeological sites present in the area of potential effect, including the proposed water pipeline route.

I find that there will be no historic or archaeological properties affected by the proposed Nordic Aquafarms project as designed.

Sincerely,

  
Kirk F. Mohney  
State Historic Preservation Officer
