I am calling out the EPA and this unconstitutional idea that they can force me to drive an electric vehicle in lieu of my gas powered truck at any time in the future! I worked hard and paid for my vehicle and I'll be damned you will take that away from me! I will not be stuck down some country road with a dead battery nor do I support how the lithium is mined or the amount of power that will be needed to charge these buzzards. No to this crazy power grabbing bogus idea!

please respond that you received my email.

Respectfully and very concerned,
Laurie L. Wagner
