I know you have been hearing from numerous business owners and individual residents of District 29. I will simply echo their grave concerns with this rule change. Those of us who live and work in super rural Maine are very aware of the challenges that this change would put on our lives.

I ask that you weigh the consequences of this change to what we truly mean when we say that it would decimate our way of life. This is a fact, not speculation.

I also will end with a fact that I emphasize when making life altering decisions for our citizens: Maine's population is 1.3 million people. ONLY. We are NOT California, not even close.

We are Maine. The way life should be.

Let's keep it that way.

Respectfully,

Representative Kathy Javner

District 29
