DEP,

I support adoption of the Advanced Clean Cars II rule in Maine.

We are in a global climate emergency and must take action immediately. What else must happen before the governments take action to control the climate crisis? We are on the path to unstoppable change reactions, yet officials continue to drag their feet as if this issue can keep being delayed.

This rule is an opportunity for Maine to do its part. Please adopt the Advanced Clean Cars II rule.

Sincerely,
Lindy Moceus
