Maine State Police Evidence Response Team

Lewiston Mass Shooting Incident

Nature of Incident: Robert Card Mass Shooting Incident

Date of Incident: October 25, 2023

Location of Incident: Just-In-Time Recreation, 24 Mollison Way, Lewiston, ME

Case Number: 23S056156

Offense: Homicide

On October 25, 2023 at approximately 2051 hrs, I received a call from Sgt. Scott Bryant, Commander of the Maine State Police Evidence Response Team, to see if I was available to respond to Lewiston for a mass shooting incident with multiple casualties. Sgt. Bryant stated that there are at least two different scenes, and the suspect is still at large. I advised Sgt. Bryant that I was available and that I would contact my supervisor and call him back. I contacted Sgt. Mary MacMaster and advised her of the incident and the request by Sgt. Bryant. She advised that I was clear to respond and assist. I contacted Sgt. Bryant and advised him that I would be responding. Sgt. Bryant requested that I meet him at the Lewiston Police Department.

At approximately 2204 hrs, I arrived at the Lewiston Police Department. I met with Sgt. Larry Rose. He advised me that the ERT would be having a briefing as soon as everyone else arrives. Sgt. Rose advised me that the suspect was still at large and that there are currently two scenes that will need to be processed.

On October 26, 2023 at approximately 0015 hrs, Sgt. Bryant and Sgt. Rose conducted a briefing on what has happened and who the suspect was that had been identified but is not in custody. They advised us that they have been speaking with the Federal Bureau of Investigations (FBI) and coordinating resources because they will be assisting us with processing the crime scenes. I was advised that I would be assigned to Just-In-Time Recreation. Sgt. Rose was designated as the Scene Leader, and I was designated as the Co-Leader. I was advised that there would be five ERTs, Sgt. Rose, Detective Nick Gleason, Trp. Michael Nunez, Warden Chris Roy, and I would be going to Just-In Time Recreation tonight. Other ERTs would be coming to the scene in the morning. We were tasked with documenting the scene with photos

and the FARO scanner and then identifying the seven deceased people and prepare them for removal by the Office of Chief Medical Examiner (OCME).

At approximately 0152 hrs, I arrived on scene at Just-In-Time Recreation, located at 24 Mollison Way in Lewiston. I could see that the entire area had been closed to vehicle traffic and that there were police officers stationed around the building for scene security. I was able to conduct a scene walkthrough at that time. Trp. Nunez was assigned to take scene photos and Warden Roy was assigned to document the scene with the FARO scanner.

As soon as the area where all of the victims were done being photographed and scanned, Det. Gleason and I began the process of trying to identify the victims. There were six deceased males and one deceased female on scene. We began checking the male victims for wallets to see if they had any identification.

[REDACTED]
[REDACTED]
Six of the victims had tentatively been identified.

At approximately 0556 hrs, staff from the OCME had arrived on scene to document and remove each of the victims. At approximately 0726 hrs, we assisted the OCME with removing the victims from the scene. Evidence placards were placed throughout the crime scene to document potential evidence and items of interest so those items could be documented. After the evidence placards were in place, the scene was documented with photos and the FARO scanner.

At approximately 1132 hrs, AAG Leane Zainea, AAG Lisa Bogue, and Det. Sgt. Chris Farley arrived on scene for a walkthrough of the crime scene and cleared at approximately 1144 hrs.

At approximately 1345 hrs, I cleared the scene for rest so I could return later in the evening to continue with processing the scene.

At approximately 1730 hrs, I arrived back on scene. I was advised that scene documentation was continuing with the FARO scanners by Warden Roy and the FBI. Sgt. Rose advised me that I would be attending a briefing at the Command Post with him at 1900 hrs. Sgt. Rose stated that the briefing would be with Command staff and the Attorney General's Office.

At approximately 2004 hrs, the briefing concluded. Sgt. Rose advised that there will be no more scene processing this evening. All ERTs assigned to Just-In-Time Recreation would get some rest and be back on scene in the morning.

On October 27, 2023 at approximately 0714 hrs, I arrived back on scene at Just-In-Time Recreation. The FBI were already on scene and more continuing to arrive. The other members of the MSP ERT had arrived on scene as well and a joint briefing was done with the FBI.

At approximately 0800 hrs, I was assigned to be the scribe for all of the items that had been marked with evidence placards and document the item and time of collection of each piece of evidence. After all of the items of evidence had been collected and placed in evidence containers, they were sealed and labeled. I assisted Sgt. Ryan Killcollins with entering the items of evidence into FileOnQ Evidence Tracking System. For a complete list of Items of evidence that had been collected from this scene, please refer to the Evidence Control Sheet.

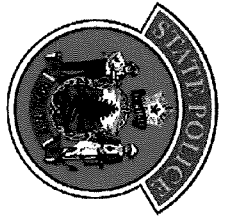

At approximately 2030 hrs, the scene was secured for the evening, and we would return in the morning to finish processing the scene and working with the FBI with the collection of personal property that was throughout the bowling alley so it could be returned to the owners.

On October 28, 2023 at approximately 0724 hrs, I arrived back on scene at Just-In-Time Recreation. I met with the members of the MSP ERT as well as the members of the FBI that had arrived on scene to process all of the personal property as well as all of the vehicles in the parking lot so they could be returned to the proper owners.

At approximately 1420 hrs, it was determined that the scene processing had been completed. A final walkthrough of the scene was conducted, and I cleared the scene.

DETAILS OF INVESTIGATION:

Note: all times are approximate:

On 10/25/2023 I was made aware of an incident in Lewiston involving multiple victims and an active shooter who was still at large. I was notified by dispatch that any available ERT's respond to the Lewiston Police department per SGT. Scott Bryant commander of the Evidence response team (ERT).

2141 Hours: I arrived at the Lewiston PD. I assembled in a side room with other members of our specialty team and waited to receive an assignment. I was assigned to a team with SGT. Greg Mitchell as the team leader to assist with evidence collection, photography and documentation at the Central Maine Medical Center (CMMC). We arrived at the hospital and were given a room to conduct our tasks. Emergency Department staff assisted us. I was assigned to assist Det. Anderson to photograph items of clothing and victims that were able to talk and communicate in the hospital. I photographed [REDACTED]. Each were interviewed by Det. Anderson in a limited manner to establish roughly where they were and their injury's.

I then assisted Det. Lindsey and TPR. Ferland to photograph some un-identified deceased subjects in the Morgue. We were able to identify William Brackett [REDACTED]

I assisted with the other teams clearing and packaging evidence and returning items to victims who were present and who's items we did not need that the hospital had collected when they arrived.

We cleared the Hospital and I signed off shift at 0730 on 10/26/23 at a hotel.

10/26/2023

1700 Hours: I arrived on scene at the Schemengees Bar and Grille and met with the scene leader SGT. Johan Oroak. Other members of the ERT team were present and we made a plan with the FBI team leader of the course of action and tasks to complete and the rough times for the next

few days. I assisted in collecting multiple pieces of evidence and assisted with packaging. Det. Lindsey was tasked with collecting all the primary evidence. All the deceased had been removed already and there were numerous pieces of physical and DNA evidence to collect inside and outside the Bar.

1856 Hours clear of scene

10/27/2023

1049 Hours on scene

I arrived on scene and assisted to collect and document DNA and physical evidence that was identified by the FBI agents and staff on scene. We served a warrant on a truck that was in the parking lot [REDACTED] that had two rifles in the cab. It was later determined that this vehicle belonged to one of the deceased victims. We collected the firearms and packaged them according to protocol and the scene was photographed.

I photographed placard item number #25 and dusted the bloody fingerprint located [REDACTED] in the parking lot. Photography was midrange and comparison.

Item number #99 was collected from inside the bar for the ATF at 1625 Hours after it was photographed and documented.

We cleared the scene later that night and were scheduled to return the next day.

October 27, 2023

0830 hours

I returned to Schemengees where I briefed with FBI agents on the plan for the day. I worked on documentation with them and was assigned from the command post to investigate a truck in the parking lot [REDACTED], which had two AR-style rifles clearly visible in the cab. A search warrant was later obtained which I executed taking photos and searching the truck until we determined that the truck belonged to [REDACTED], who was a shooting victim. I was instructed by Det. Bond to return items to the truck and secure it.

1030 hours

Searchers located a 5.56 cartridge in the middle of Lincoln Street, five 9mm cartridges near a phone pole nearby, and a black NB glove in the grass by the boat ramp. I collected all of these items after they were photographed and triangulated. Please see Trooper Shaunna Belanger's report for measurements.

1630 hours

I collected a .308 shell casing (placard 99, FileonQ item 228) from inside the Bar and turned it over to the ATF for them to do a NIBIN comparison to match it to a specific weapon. FileonQ did not have an option for turning over the item to the ATF, and so I was forced to list it as having gone to the FBI. A paper copy of the ATF property receipt is included in the casefile.
