MCJA IN-SERVICE TRAINING APPLICATION NEEDS TO ACCURATELY REFLECT MEALS AND LODGING REQUESTED

Program Description:

This class is offered as an annual Drug Recognition Expert (DRE) refresher course. Topics will include current trends and updates to the DRE program, and an interactive discussion about future concerns in the program. DRE instructors will be on hand to answer questions and review re-certification packets as needed. This class will meet the mandatory bi-annual requirements for re-certification training.

Although this class is intended for the DRE with a certification expiration date within the next 12 months, all DRE's are encouraged to attend.

Personnel who may attend: Currently certified DREs

Prerequisites: None.

Special Requirements: Due to the length of time required for instructors to review re-certification materials, I would encourage DRE's to seek an instructor and complete that process prior to the class. On the day of class, instructors will be available to review re-certification materials by appointment only, which can be scheduled through the MCJA coordinator.

Class Limit: 60 Students
