# BOARD OF TRUSTEES

## MAINE CRIMINAL JUSTICE ACADEMY

---

April 1, 2024

Senator Pinny Beebe-Center, Senate Chair  
Representative Suzanne Salisbury, House Chair  
Members of the Joint Standing Committee on Criminal Justice and Public Safety  
Room 436 State House  
Augusta, ME 04333-0003

Dear Senator, Beebe-Center, Representative Salisbury, and Committee Members:

The Board of Trustees of the Maine Criminal Justice Academy are pleased to present its 2023 annual report to the Joint Standing Committee on Criminal Justice and Public Safety. As you will see, this report is both informative and responsive to the statutory requirement for its production, and the Board is confident that the report will provide the Legislature with the information necessary to ensure that appropriate and timely training is accomplished.

The Board of Trustees, which is comprised of citizens, law enforcement, corrections, and legal representatives, remains committed to the citizens of Maine as the oversight board for the Maine Criminal Justice Academy as it relates directly to; admission standards, training curriculum, policy standards, and the certification and de-certification standards for the more than 5,000 law enforcement and corrections certificate holders.

The Board of Trustees have been responsive to the needs of both the citizens of Maine and the public servants in the law enforcement and corrections community by conducting regularly scheduled public meetings throughout the year.

The Board continues to review and evaluate the statutorily required minimum policy standards for Maine law enforcement agencies and is in the process of developing several additional standards to include a code of officer conduct and attorney-client privileged communications. We expect to have both of these new standards move through and complete the rule making process later this year. These standards of conduct will ultimately enhance the Board's authority and oversight, relating to matters of misconduct by the officer's certified through this institution.

In the late fall of 2023, we welcomed Mr. Lincoln Ryder as the Academy's new Assistant Director. Assistant Director Ryder comes to the Academy with nearly 30 years of law enforcement experience with the Wells and Waterville, Maine police departments and has spent many of those years as an instructor for the Academy as well as a member of the Maine Criminal Justice Academy's Board of Trustees.

The Board of Trustees and the staff of the Maine Criminal Justice Academy remain fully committed to promoting the highest standards of professionalism and training to Maine's law enforcement and correctional officers throughout the State. We further stand ready to appear

before the Committee to elaborate on any issue associated with this report or with the Academy and its mission.

Respectfully Submitted,

Joint Standing Committee on Criminal Justice and Public Safety  
Room 436 state House

Senate Chair Beebe-Center, Representative Chair Salisbury and distinguished Committee Members:

I would like to thank the Committee Chairs and all of the Committee members for their work and support of the Academy over the last year.

I had the opportunity to testify on several very important bills and participate in several work sessions that could impact law enforcement and correctional professionals well into the future.

It was my first experience working with the Committee and it did not go unnoticed how passionate and committed the members of the CJPS committee are.

Several items and events occurred during the last year at the Academy that may interest the committee members.

The first was my appointment to Director and the addition of Lincoln Ryder, who retired as the Acting Deputy Police Chief of the Waterville Police Department, to the position of Assistant Director in August.

The Academy was also budgeted for and appropriated money by the legislature to add three new full-time positions. These are the first new additions to the staff here at the Academy in over twenty years.

With these additions we will hire a new Training Coordinator and two Office Associate positions. This will help tremendously with our ever-increasing workload.

Last year also saw the Academy's involvement and completion from an outside management consulting agency that developed our Strategic Plan. The Strategic Plan evaluated our training model, staffing, future capacity, budget, curriculum and services provided by the Academy.

Several initiatives have been identified and are to be initiated over the next five years. The full plan can be found on the MCJA website at: <https://www.maine.gov/dps/sites/maine.gov>

Two Basic law Enforcement Training Programs (BLETP) were completed last year. The eighteen-week program trained and graduated 123 law enforcement professionals.

The fall BLETP was the first program in years, not to start with a full complement of cadets. The class began with sixty-seven cadets. Our staff currently has the capacity to start a program with up to seventy-two. \*This can be attributed to the nation-wide difficulty in attracting men and women into the police profession.

The MCJA also trained and graduated 221 correctional professionals from eight Basic Corrections Training Programs.

Four training sites were approved by the Board of Trustees. These sites are the MCJA, Maine State Prison, Maine Correctional Center and Mt. View Correctional Facility.

Prior to Board approval, all twenty-one correctional facilities participated remotely by using the Zoom platform. This was not a conducive learning environment for the Cadets and certainly cumbersome for the instructors.

The Maine Department of Corrections also invested approximately \$20,000 to upgrade technology at the Academy to enhance the delivery of remote instruction.

These changes have vastly improved the delivery and ultimate success for these correctional cadets.

The MCJA also welcomed Sanford Deputy Police Chief Eric Small to the Board of Trustees. Deputy Chief Small replaces our own Assistant Director Lincoln Ryder, as a municipal police representative to the Board.

The Maine Criminal Justice Academy's Complaint Review Committee (CRC) was extremely busy. The year 2023 saw the most reports of misconduct and/or waivers brought before the panel. Seventy-one cases were docketed for review and potential discipline.

The Academy, which is located on 103 acres in the Town of Vassalboro, has been undergoing some much-needed infrastructure and building upgrades.

Almost eight million dollars has already been invested or designated to upgrade life safety, security and building renovations. It is exciting to know that the State of Maine is investing in the future of the Academy.

Thanks again to all the members of the Joint Standing Committee on Criminal Justice and Public Safety for your work and support.

Sincerely,

Jack Peck, Jr.  
Director

# ABOUT THE ACADEMY

The origin of organized law enforcement training in Maine dates to the late 1960's when the Federal Law Enforcement Assistance Agency made funds available through the Maine Criminal Justice Planning and Assistance Agency for improving the operation of the criminal justice system. Using this as seed money, the Maine Municipal Association initiated a two-week law enforcement training program offered in the Portland, Augusta, and Bangor regions. A Board of Directors, consisting of law enforcement officials, was charged with overseeing the program and encouraging law enforcement agencies to support the training.

The early 1970's saw passage of the Mandatory Training Act for law enforcement and in 1972 the former Thomas College in Waterville was purchased to provide permanent facilities for the Maine Criminal Justice Academy. Since that time, the scope of activities at the Academy has steadily increased. In 1990, new legislation required that all law enforcement officers, state, county and municipal, who have the power of arrest and the authority to carry a firearm, come under the purview of the Academy's Board of Trustees. This has greatly increased the responsibilities and tasks of the Academy.

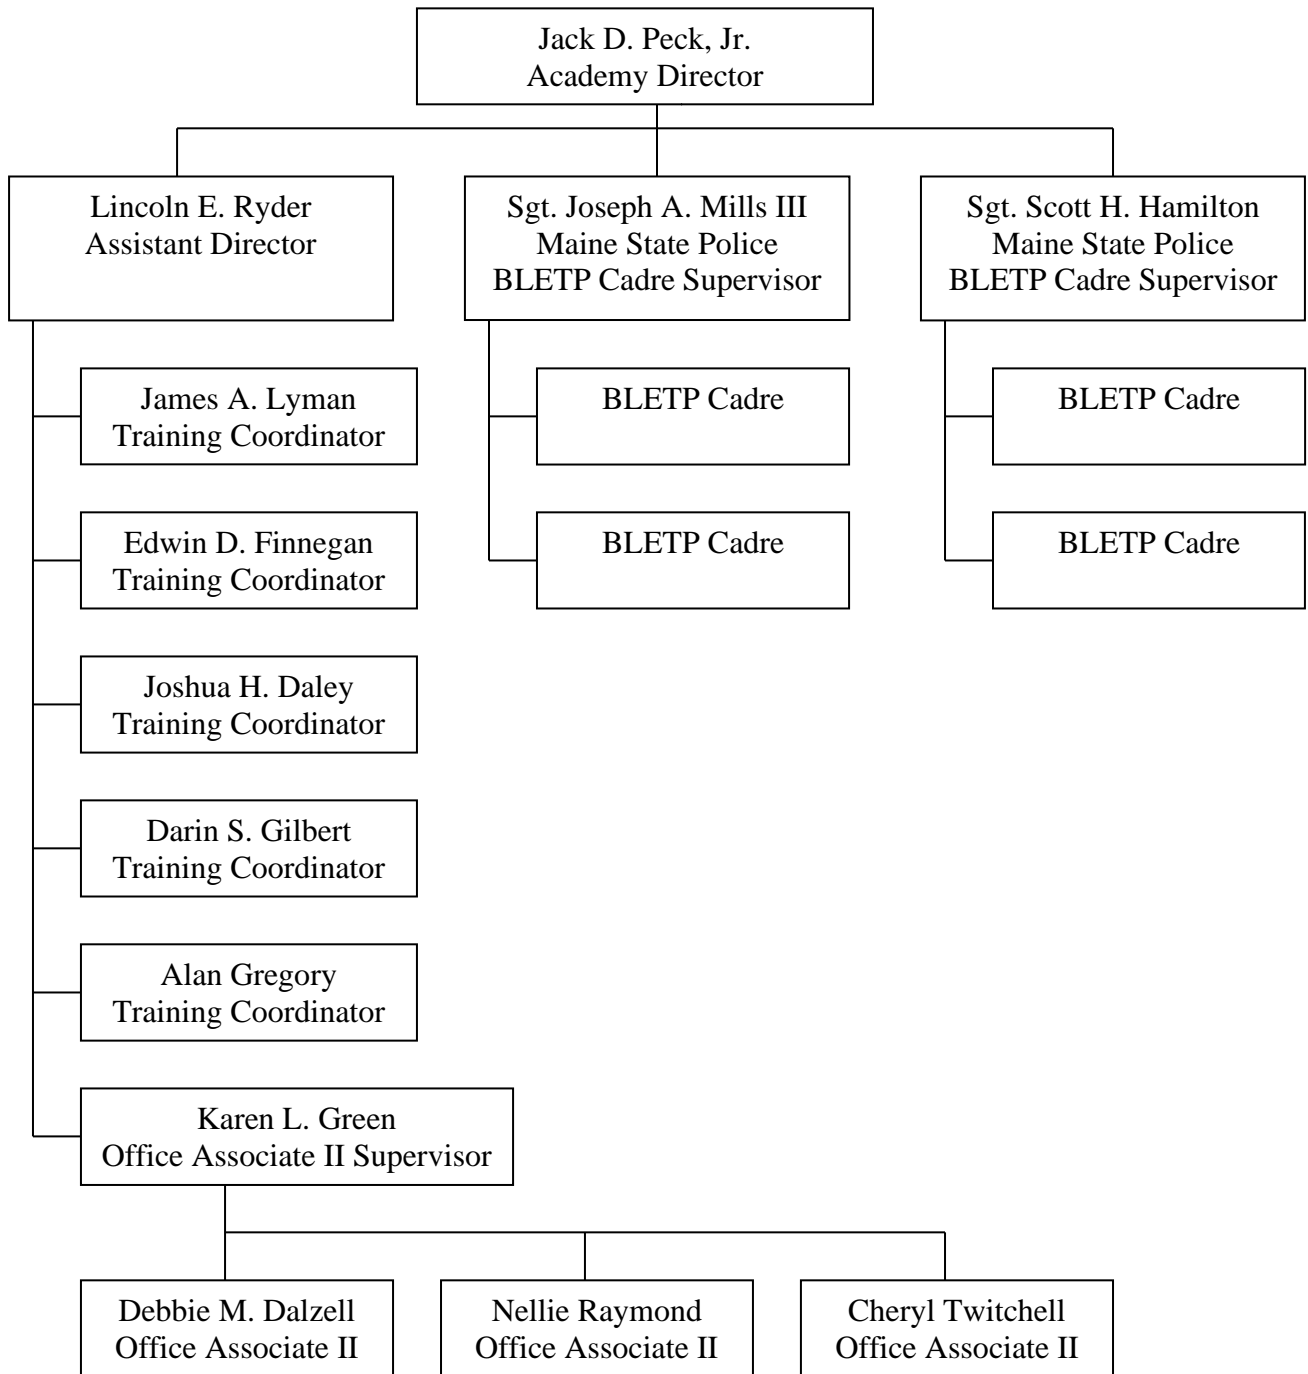

The Maine Criminal Justice Academy is responsible for the development and implementation of comprehensive training programs both at the Academy and through outreach programs across the state.

With this responsibility the Academy is providing:

1. A residential training facility to accommodate the needs of Maine's criminal justice professionals.
2. A training delivery system to reach all parts of the State.
3. A centralized administrative structure which promotes coordination and communication; and
4. A repository of support services that promotes research, management, and training activities of all types.

The citizens of Maine have a reasonable expectation that extensive training is provided to criminal justice personnel, particularly those responsible for dealing with emergency situations, which could involve life and death decisions. Court decisions have held that it is the responsibility of criminal justice agencies to ensure that their personnel receive training, which supports the quality performance these citizens expect and deserve. At present, the Maine Criminal Justice Academy is the primary vehicle for Maine criminal justice agencies to meet these obligations.

In July of 2020, Assistant Director Richard Desjardins was appointed by the Board and the Commissioner of Public Safety as the new Director.

**2022** – A project to develop a strategic plan for the Academy was undertaken by the Department of Public Safety collaborating with Slalom, a management consulting company. The project sought to evaluate the training model, staffing, future capacity, budget, curriculum, building and technology needs, and the services provided by the Academy. There are eight regional training councils that offer a variety of in-service training courses in their area. The number of trainings and officers that attend vary widely by region. On-line options by Police One and Dirigo Safety offer customers access to most of the mandatory law enforcement and corrections training for officers in Maine. The Academy staff produces the lesson plans, the MCJA board approves them and then the vendors convert courses to the on-line format. This training format causes less training to be offered by the regional training councils.

Re: 25 M.R.S. § 4501

Senator Beebe-Center, Representative Salisbury and Committee Members:

On July 2, 2015, Chapter 307 Public Law (L.D.25 and now 25 M.R.S. §4501) “An Act to Regulate Domestic Unmanned Aerial Vehicle Use” was enacted. This new law requires the Maine Criminal Justice Academy Board of Trustees to develop the mandatory standards for a policy, if a law enforcement agency chooses to use an Unmanned Aerial Vehicle (Drone) for law enforcement purposes. The Board adopted the Minimum Standards on March 10, 2017. This law also requires these agencies to report their use to the Commissioner of Public Safety each year. The agencies then reported their UAV use to the academy with their annual reporting requirements, as outlined in 25 M.R.S., Chapter 341. The Academy on behalf of the Commissioner reports the following information to the Legislature as part of Chapter 307 Public Law in this annual report to include: a summary description of the number of deployments for investigative purposes, the general nature of those investigations and the number of search warrants sought, and the number of search warrants obtained for the deployment of unmanned aerial vehicles.

There are 153 law enforcement agencies in the State of Maine and each chief executive officer must file an annual report to the Academy. For 2023, only 22 agencies reported that they had a UAV, and all 22 agencies had a policy in place that met the MCJA Board Minimum Standards.

Re: LD 534, An Act to Increase Crisis Intervention Training in the State

Senator Deschambault, Representative Warren and Committee Members:

On April 27, 2015, Senator Rosen, Representative Warren, and Committee Members wrote a letter directing the Maine Criminal Justice Academy Board to adopt a new standard to the mandatory policy on “Response to Mental Illness and Involuntary Commitment Policy” with the standard that states:

The policy shall require that 20% of all full-time law enforcement officers of each agency receive at least 8 hours of nationally recognized or best practice in-person training in Mental Health Identification Awareness for Law Enforcement Officers by January 1, 2018 and that the agency maintains at least 20% after that date. The training standard requirement will be sent annually to the Maine Criminal Justice Academy as part of the annual reporting requirements, as outlined in 25 M.R.S. §2805-B. This was adopted by the Board on November 17, 2017. The 8 hours of training was also incorporated as a part of the Basic Law Enforcement Training Program curriculum, so all full-time law enforcement officers have received this training since August 1, 2015.

There are 153 law enforcement agencies in Maine, several agencies are exempt because they only have part-time law enforcement officers. Each agency was sent a reporting form at the end of 2023 asking two questions. First, does your agency meet at least the 20% training requirement as stated above? Second, if not, what percentage have they met? Of the 153 law enforcement agencies, all (100%) responded, pursuant to 25 M.R.S. §2805-B and all but one (99%) of law enforcement agencies with at least 1 full-time law enforcement officer met this training requirement. The one agency not in compliance had only one employee who was not trained.

On behalf of Commissioner Michael J. Sauschuck of the Maine Department of Public Safety, I want to thank the members of the Joint Standing Committee on Criminal Justice and Public Safety for all the hard work you do and for your support of the Maine Department of Public Safety and the Maine Criminal Justice Academy.
