COMMERCIAL EXEMPTION REFUNDS

Depreciable machinery and equipment must be used more than 50% of the time in a qualifying activity to qualify for any refund.

First-year farmers, fishermen, wood harvesters, and windjammer operators may apply for a refund for the period prior to the effective date of their exemption certificate, but only after the appropriate exemption certificate has been issued.

Dual-purpose farmers and fisherman may apply for a refund of tax paid on qualifying equipment.

If you do not have an exemption card, include with this refund application a copy of the income tax return filed for the year corresponding with the time of purchase of the fuel, electricity, or equipment as evidence that you were engaged in the related commercial activity at the time.

Additional information regarding items that do or do not meet qualification requirements can be found in Instructional Bulletin No. 59 (“Commercial Agriculture, Commercial Aquaculture, Commercial Fishing and Commercial Wood Harvesting”) and Rule 323, which can be found on MRS’s website, www.maine.gov/revenue.
